ABOUT TSIBA

An early pioneer of access to tertiary education through fully-funded tuition-fee scholarships, TSIBA offers funded, high quality, tertiary level business education to young people who, as a consequence of academic and / or financial barriers, struggle to get ahead post-matric (now Grade 12).

Given the stark difference between a national youth unemployment rate above 60% in South Africa, and how this number shrinks to less than 10 % when armed with a tertiary degree in South Africa, TSIBA has focussed on enabling determined young people who are traditionally excluded to gain access to quality tertiary education and to access economic opportunities as business degree graduates

"My experience with TSIBA has changed me profoundly. It has given me the courage and resiliency to chase my aspirations. My comprehension of business and social impact has grown significantly, allowing me to make a significant contribution to my community."

Nanchesca Khotoo, 2023 TSIBA BBA Graduate (Employed)

OUR IMPACT

TSIBA was founded in 2004 with a deep conviction in the power of education to build purpose-driven and skilled business leaders. Towards this, since inception in 2024 :

TSIBA has provided over 9500 full or subsidised annual-tuition scholarships.

TSIBA has provided access to high quality tertiary education to over 4000 young people who otherwise would not have had the opportunity to escape generational poverty and to become the leaders they were destined to become.

TSIBA has produced 1743 business graduates, including 646 Bachelor of Business of Administration and 1088 Higher Certificate in Business Administration alumni. Our graduates are now active economic citizens who will earn over ZAR 300 Million as tax-paying economic citizens over the course of their careers.

Eight of our graduates are Mandela-Rhodes Scholars, 2 United Nations PRME Global Student Regional Leaders in Africa, 3 Kofi Annan and 16 Alan Gray Orbis Foundation Fellows.
